Reference Documents for the General Meeting of Shareholders

Proposals and References

Proposal 1: Distribution of Surplus

The Company believes that the payment of a stable dividend is a basic prerequisite for meeting shareholder expectations. Therefore, we make it a policy to make continuous dividend payments, while endeavoring to secure a stable management base such as reinforced financial conditions.

With respect to the dividend for the current fiscal year, in consideration of the business results, business environment, and other factors, the Company proposes the following:

1. Type of dividend property
Cash
2. Allocation of dividend property to shareholders and the total amount thereof
25 yen per share for common stock
Total amount of dividend: 405,431,175 yen
3. Effective date of distribution of surplus
June 29, 2021

(Notes) 1. In accordance with Article 453 of the Companies Act, the total dividend amount is calculated by deducting 59,058 treasury shares from the total number of issued shares.

2. The total annual dividend will be 50 yen per share, inclusive of the interim dividend of 25 yen per share. The total dividend amount will be 810,873,550 yen, inclusive of the total interim dividend amount of 405,442,375 yen.

Proposal 2: Election of 7 Directors (excluding those who are Audit and Supervisory Committee members)

The terms of office of all Directors (excluding those who are Audit and Supervisory Committee members) (7 persons) will expire at the conclusion of this General Meeting of Shareholders. Accordingly, the election of 7 Directors (excluding those who are Audit and Supervisory Committee members) is proposed.

The Company confirmed that the Audit and Supervisory Committee has no particular opinions on this proposal.

This insurance contract covers damages (legal damages and litigation expenses) in the event that a claim against the insured is made by shareholders or other third parties for damages arising from acts and non-intentional actions by the insured in the course of duties as directors and officers of the Company during the term of the contract. The insurance also covers any costs that are required for the insured Directors to address a situation in which a claim is not currently filed but may be filed in the future.
As a measure to prevent the appropriateness of execution of their duties as Director from being impaired, the insurance contract does not cover damages arising from the insured's unlawful acts for personal gain or benefit, criminal acts, and acts committed with the knowledge that they violate laws and regulations.

Proposal 3: Revision of the Framework for Compensation under the Performance-linked Stock Compensation Plan for Directors (excluding those who are Audit and Supervisory Committee members)

(1) Reasons for the Proposal and deeming it appropriate

The introduction of the Performance-linked Stock Compensation plan, the “Board Benefit Trust” for Directors (excluding Outside Directors) and Executive Officers of the Company (hereinafter referred to as the “Plan”) was approved at the 5th Annual General Meeting of Shareholders (held on June 26, 2017). Subsequently, in accordance with our transition into a company with an audit and supervisory committee, the amount of the Plan for Directors of the Company (excluding those who are Audit and Supervisory Committee members and Outside Directors; the same applies hereinafter unless otherwise noted) was approved at the 8th Annual General Meeting of Shareholders (held on June 29, 2020; the resolution at the 8th Annual General Meeting of Shareholders is hereinafter referred to as the “Original Resolution”), and the Plan accordingly has been in effect since. With the enforcement of the Act Partially Amending the Companies Act (Act No.70 of 2019) on March 1, 2021, we propose that a framework for the maximum number of shares (number of points) for Directors in the Plan in addition to a framework for maximum amount of trust for Directors in the Plan to be set, and hereby seek shareholders’ approval.

The proposal is a procedural measure in accordance with the amendment of the Act. This proposal, as is the case with the Original Resolution, aims to clarify the interconnection between Directors’ compensation and the Company’s business performance, and to raise awareness of Directors about contributing to improvement of medium- to long-term business performance and an increase in corporate value by sharing with shareholders not only benefits from rising share prices but also risks of stock price decline. We believe that the content of this proposal is deemed as appropriate as it is consistent with the policy for determining the details of compensation for individual Directors (see below).

This proposal is submitted for shareholders’ approval of the amount of remuneration under the Plan and the details of the Plan for the purpose of providing remuneration to the Company’s Directors separately from the amount of remuneration for Directors (excluding those who are Audit and Supervisory Committee members) (180 million yen at maximum per year (including 30 million yen at maximum for Outside Directors)) that was approved at the 8th Annual General Meeting of Shareholders (held on June 29, 2020). Decisions on the details of the Plan shall be delegated to the Board of Directors within the framework described in the following Paragraph (2).

The number of Directors (excluding those who are Audit and Supervisory Committee members and Outside Directors) who are covered by the Plan will be 3 if Proposal 2 is approved by resolution as proposed.

The Company confirmed that the Audit and Supervisory Committee has no particular opinions on this proposal.

(2) Amount of compensation and the like in the Plan and specific details

Under the Plan, money contributed by the Company is used as funds to acquire the Company’s shares through a trust (“Trust”), and the Company’s shares and money equivalent to the value of the Company’s shares converted at market value (“Company Shares and the Like”) at the time of their retirements are to be provided to Directors and the Like (Note 1) through the Trust at the time of their respective retirements.

(Note 1) Directors and the Like shall mean the Directors (excluding Outside Directors) and Executive Officers before the amendment by this proposal, and shall mean Directors (excluding those who are Audit and Supervisory Committee members and Outside Directors) and Executive Officers after the amendment by this proposal. The same shall apply hereinafter.

i) Individuals covered by the Plan	Directors (excluding those who are Audit and Supervisory Committee members and Outside Directors) and Executive Officers
ii) Amount of the Trust	<p>65 million yen for Directors in each Applicable Period (three fiscal years) (total of 252 million yen, including compensation for Executive Officers, in each Applicable Period) (Note 2) (Note 3)</p> <p>(Note 2) The Company has introduced the Plan for the period of three fiscal years from the fiscal year ended March 31, 2018 to the fiscal year ended March 31, 2020 (“Initial Applicable Period”; Initial Applicable Period and its subsequent three fiscal year periods are collectively called “Applicable Period”) and for each subsequent applicable period. The Company contributed the necessary amount of money (total of 180 million yen including that for Executive Officers) to acquire the Company’s shares for the purpose of providing the Company shares and the Like to Directors under the Plan and the Like for the Initial Applicable Period and established the Trust for retired Directors and the Like who fulfil the certain requirements as beneficiary. The Trust acquired 95,700 shares of the Company with funds contributed by the Company during Initial Applicable Period.</p> <p>(Note 3) With regard to additional contribution in the future; if there are residual shares of the Company (excluding the Company’s shares equivalent to the number of points granted to Directors and the Like and not yet provided to Directors and the Like with the Company’s shares and the Like) and money (“Residual Shares and the Like”) in the trust assets, the Residual Shares and the Like shall be applied to the fund for benefits. The total amount of Residual Shares and the Like (in the case of the Company’s shares, the book value of the shares on the last day of the most recent Applicable Period) and money to be paid as additional contribution shall be within the upper limit approved at the 8th General Meeting of Shareholders. Any decisions by the Company about additional contributions shall be disclosed in a timely and proper manner.</p>
iii) Maximum number of Company Shares and the Like to be provided	<p>Points, the number of which is to be determined in consideration of their respective positions, degrees of achievement and the like, shall be granted every fiscal year based on the stock benefit rules for Officers. The points granted shall be converted at the rate of one share of common stock of the Company for one point when Company Shares and the Like are provided in accordance with Item 5) below. (Note 4)</p> <p>The total number of points to be granted to Directors per fiscal year shall be limited to 10,000 points (40,000 points in total, including those for Executive Officers). (Note 5)</p> <p>(Note 4) If a stock split, gratis allotment of shares or consolidation of shares and the like is conducted with respect to the Company’s shares after this proposal is approved, the maximum number of points and the points granted or the conversion rate shall be reasonably adjusted according to the ratio and the like of such change.</p> <p>(Note 5) The number of shares equivalent to the maximum number of points per fiscal year to be granted to Directors and the Like (40,000 shares in total, including those for Executive Officers) is approximately 0.24% of the total number of issued shares (as of March 31, 2021, after deduction of treasury shares).</p>
iv) Method of acquiring the Company’s Shares and the number of shares to be acquired	<p>The Trust shall acquire the Company’s shares through stock markets or by purchasing treasury shares the Company has disposed of, using the funds contributed as per Item ii above. (Note 6)</p> <p>The maximum number of points to be granted to Directors and the Like is 10,000 points per fiscal year (40,000 points in total, including those for Executive Officers). Therefore, the maximum number of the Company’s shares for Directors to be acquired by the Trust during each Applicable Period shall be 30,000 shares (120,000 shares in total, including those for Executive Officers).</p> <p>(Note 6) An acquisition of the Company’s shares by this Trust is not specifically planned at this stage. If the Company decides to make an additional contribution to acquire the Company’s shares using funds from this Trust in the future, the details shall be disclosed in a timely and proper manner.</p>

v) Provision of the Company Shares and the Like	<p>If Directors and the Like retire and meet the requirements for beneficiaries as prescribed in the stock benefit rules for Officers, those Directors and the Like shall, after their respective retirements, receive benefits from the Trust in the form of Company's shares calculated according to Item 3) above, by completing the prescribed procedures for the determination of beneficiaries. (Note 7)</p> <p>(Note 7) If Directors and the Like meet the requirements for beneficiaries as prescribed in the stock benefit rules for Officers, the Company shall provide money equivalent to the value of the Company's shares converted at market value at the time of their retirements for a certain percentage of the number of points granted to relevant Directors and the Like in lieu of provision of Company's shares.</p> <p>Even Directors and the Like who have been granted points may not be able to receive the benefits if their dismissal is approved at the General Meeting of Shareholders, they step down due to illegal acts during their terms of office, or they engage in inappropriate behavior, etc. that could cause damages for the Company.</p> <p>The amount of compensation and the like to be provided to Directors and the Like shall be based on the amount calculated by multiplying the total number of points granted to Directors and the Like by the book value per share of the Company's shares held by the Trust. (However, if a stock split, gratis allotment of shares or consolidation of shares and the like is conducted with respect to the Company's shares, the points granted shall be reasonably adjusted according to the ratio and the like of such change.) When exceptional provision of money is deemed as appropriate in accordance with the stock benefit rules for Directors established by the Company, such amount shall be added.</p>
vi) Treatment of dividends	<p>Dividends from the Company's shares held in the trust account shall be received by the Trust and shall be appropriated for the acquisition of the Company's shares and the payment of trust fees and the like for the trustee of the Trust. Any dividends and the like remaining in the Trust upon termination of the Trust shall be distributed to Directors and the Like in office at that time in proportion to the number of points they respectively hold, in accordance with the provisions of the stock benefit rules for Directors.</p>

■ Outline of the Policy for Determining the Details of Compensation and the Like for Individual Directors (effective from June 28, 2021)

The Company has stipulated the policy for determining the details of compensation and the like for individual Directors (excluding those who are Audit and Supervisory Committee members) (hereinafter referred to as the "Policy") in accordance with the resolution by the Board of Directors. The outline of the Policy is as follows:

Compensation for Directors (excluding those who are Audit and Supervisory Committee members and Outside Directors) consists of three types of compensation: fixed monetary compensation (non-performance-linked compensation), variable monetary compensation (performance-linked compensation), and stock-based compensation. Compensation for Outside Directors is fixed monetary compensation.

With respect to monetary compensation for Directors (excluding those who are Audit and Supervisory Committee members and Outside Directors), the Company has set the base amounts of compensation by position group (President, Senior Managing Executive Officer, Managing Executive Director). Approximately 70% of the base amount is guaranteed as the minimum amount by fixed monetary compensation. The Company determined the amount of fixed monetary compensation for Outside Directors according to their duties.

Approximately 30% of the base amount, variable portion of compensation other than fixed monetary compensation, is set as variable monetary compensation. The Company has developed a system in which the amount of variable monetary compensation increases or decreases depending on results of the Company-wide and individual performance, with the aim of using variable monetary compensation as short-term incentives for consistent achievement of business plans and expansion of earnings, etc. in each fiscal year.

The Company's performance is evaluated based on changes in consolidated net sales, consolidated operating profit and the current net profit attributable to shareholders of the parent Company compared to the initial plan and the previous fiscal year.

Individual performance is evaluated based on performance rating for performance targets set by each Director. Stock-based compensation is provided as medium- to long-term incentives for sustainable growth, enhancement of corporate value, etc., and for the purpose of sharing a sense of profit with shareholders.

The Company's shares and money equivalent to the value of the Company's shares converted at market value (hereinafter referred to as "Company Shares and the Like") are to be provided to Directors (excluding those who are Audit and Supervisory Committee members and Outside Directors) at the time of their respective retirements. Points, the number of which is to be

determined in consideration of their respective positions (Directors holding a responsible position, Senior Managing Executive Officers, Managing Executive Officers), coefficients calculated based on performance indicators compared to the initial plan and the previous years, shall be granted every fiscal year based on the stock benefit rules for Officers. The points granted shall be converted at the rate of one share of common stock of the Company shares and the like are provided.

For each position group (President, Managing Executive Officers, Managing Executive Officers), the composition of compensation shall be approximately 60% fixed monetary compensation, 30% variable monetary compensation, and 10% stock-based compensation. The ratio shall vary depending on business performance and other factors.
