### 1. Qualitative Information on Quarterly Financial Results

### (1) Explanation of Operating Results

In response to the series of incidents of impropriety announced so far, the Company has thoroughly identified the true causes, including the background, and has considered recurrence prevention measures. At the same time, the Company announced reform measures to restore the Company to a position where safety, quality, and compliance ("SQC") are the highest priorities ("the SQC first reform") in the third quarter of the fiscal year under review (announced on October 28, 2024), based on recommendations in the respective reports (interim, supplementary, and final reports) received from the investigation and verification committee.

"The SQC first reform" is a comprehensive initiative to restore the Company to a position where safety, quality, and compliance are the highest priorities. Based on the results of analysis of common true causes in the Company where the series of incidents of impropriety occurred and the situation continued for a long period of time, the Company started to implement action plans based on the policies for the following four reforms established as pillars.

[Four reforms]

Reform (1) Foster a culture of thinking and acting "SQC first" in an integrated manner from management to work sites

Reform (2) Advance on-site capabilities and create "people and organizations" to support these

Reform (3) Secure "SQC first" in the structure and environment

Reform (4) Concentrate resources (people, money, technology) through business structure reforms

We would like to once again express our deepest apologies to our customers and other stakeholders for any inconvenience and concern after the incidents of impropriety of our gas insulated switchgear were identified in August 2021. With reflections and lessons learned from the series of incidents of impropriety in mind, all directors, officers, and employees of the Group will work together to implement this reform and rebirth as new TAKAOKA TOKO with an SQC first mindset. We will also strive to rebuild a system to continuously provide products with high safety and quality to regain the trust of our customers that was greatly lost.

The next medium-term management plan (fiscal years 2025 through 2027), which is to be announced in April 2025, will have basic policies comprising four pillars of "the SQC first reform," "restoration and strengthening of core businesses," "rebuilding of a growth story," and "strengthening of a management base." The Company is currently working on and discussing the setting of numerical targets (KGIs) and detailed measures (KSFs and KPIs) to achieve them. We would like to formulate a story for restoration and growth to be a company that is truly trusted by our stakeholders, such as the increase of customer satisfaction, maximization of shareholder value, and enhancement of employee engagement, and present it in the next medium-term management plan.

Despite a decline in sales for the Applied Optics Inspection System Business, net sales for the nine months ended December 31, 2024 totaled 73,554 million yen (up 1.5% year on year), mainly due to increases in the Metering Business and the GX Solution Business.

On the profit front, operating profit decreased to 4,192 million yen (down 21.2% year on year), ordinary profit decreased to 4,337 million (down 21.1% year on year), and profit attributable to owners of parent decreased to 2,480 million (down 25.7% year on year), mainly due to an increase of R&D expenses.

The impact of the series of incidents of impropriety on business performance includes decreases in net sales of approximately 2.7 billion yen and operating profit of approximately 1.1 billion yen mainly due to a decrease in orders caused by suspending bids of some customers and increases in costs for handling delivered products and an attorney's fees.

The operating results for each business segment are detailed below.

In the Electric Equipment Business segment, net sales for the segment as a whole decreased to 40,074 million yen (down 2.2% year on year) due to the decline in overseas construction projects and power distribution

equipment despite increases in sales for general plant projects and extra-high-voltage power receiving and transforming equipment, including disconnectors. Segment profit decreased to 3,971 million yen (down 13.0% year on year).

In the Metering Business segment, net sales for the segment as a whole rose to 24,897 million yen (up 10.8% year on year) due to increases in sales for smart meters and replacement of expired meters, with segment profit increasing to 3,925 million yen (up 10.9% year on year).

In the GX Solution Business segment, net sales for the segment as a whole increased to 6,694 million yen (up 7.9% year on year) due to an increase in EV chargers sales. Segment loss, however, expanded to 512 million yen (compared to segment loss of 174 million yen in the same period of the previous fiscal year) due to an increase of R&D expenses.

In the Applied Optics Inspection System Business segment, sales of 3D inspection system decreased due to partially continued investment restraint in the semiconductor industry. As a result, net sales for the segment as a whole decreased to 1,154 million yen (down 45.2% year on year) and segment profit also decreased to 59 million yen (down 86.6% year on year).

In the Other Businesses segment, net sales for the segment as a whole increased to 733 million yen (up 0.3% year on year) and segment profit increased to 500 million yen (up 2.3% year on year).

### (2) Explanation of Financial Position

At the end of the third period under review, total assets decreased by 6,417 million yen compared to the end of the previous fiscal year to 110,209 million yen. This was primarily due to decreases in trade receivables and cash and deposits despite an increase in inventories.

Liabilities decreased by 7,759 million yen from the end of the previous fiscal year to 45,028 million yen. This was primarily due to decreases in notes and accounts payable - trade, income taxes payable, and provision for bonuses despite an increase in contract liabilities.

Net assets increased by 1,342 million yen from the end of the previous fiscal year to 65,181 million yen. This was primarily due to an increase in retained earnings owing to the recording of profit attributable to owners of parent.

(3) Explanation of Consolidated Financial Results Forecast and Other Forward-looking Information Regarding the full-year consolidated financial results forecast, we have not made any changes to the consolidated financial results forecast announced on October 28, 2024.

### Independent Auditor's Interim Review Report on Quarterly Consolidated Financial Statements

January 28, 2025

To the Board of Directors of TAKAOKA TOKO CO., LTD.

ARK LLC, Tokyo Head Office

Mahito Chiba
Designated Limited Liability Partner
Engagement Partner
Certified Public Accountant

Hayato Matsumoto
Designated Limited Liability Partner
Engagement Partner
Certified Public Accountant

### Conclusion

We have reviewed the quarterly consolidated financial statements of TAKAOKA TOKO CO., LTD. (the "Company") listed in the "Attachments" of the Quarterly Financial Results which comprise the quarterly consolidated balance sheets, quarterly consolidated statements of income and comprehensive income and related notes for the third quarter (October 1, 2024 to December 31, 2024) and the first nine-month period (April 1, 2024 to December 31, 2024) of the fiscal year from April 1, 2024 to March 31, 2025.

In our interim review, nothing has come to our attention that causes us to believe that the accompanying quarterly consolidated financial statements are not prepared, in all material respects, in accordance with Article 4, Paragraph 1 of the Standards for Preparation of Quarterly Financial Statements of the Tokyo Stock Exchange, Inc. and accounting standards that are generally accepted in Japan for quarterly financial statements (however, the provisions for reduced disclosure as set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements shall apply).

### **Basis for Conclusion**

We conducted an interim review in accordance with interim review standards generally accepted in Japan. Our responsibility under those standards is further described in the "Auditor's Responsibility in the Interim Review of the Quarterly Consolidated Financial Statements" of our report. We are independent of the Company and its consolidated subsidiaries in accordance with the professional ethics regulations in Japan, and have fulfilled our other ethical responsibilities as an auditor. We believe that we have obtained evidence to provide a basis for our conclusion.

## Responsibilities of Management and Audit and Supervisory Committee for the Quarterly Consolidated Financial Statements

Management is responsible for the preparation of quarterly consolidated financial statements in accordance with Article 4, Paragraph 1 of the Standards for Preparation of Quarterly Financial Statements of the Tokyo Stock Exchange, Inc. and accounting standards that are generally accepted in Japan for quarterly financial statements (however, the provisions for reduced disclosure as set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements shall apply). This includes designing and operating such internal control as management determines necessary to enable the preparation of quarterly consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the quarterly consolidated financial statements, management is responsible for assessing whether it is

appropriate to prepare the quarterly consolidated financial statements based on a going concern assumption, as required by Article 4, Paragraph 1 of the Standards for Preparation of Quarterly Financial Statements of the Tokyo Stock Exchange, Inc. and accounting standards that are generally accepted in Japan for quarterly financial statements (however, the provisions for reduced disclosure as set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements shall apply).

The Audit and Supervisory Committee is responsible for overseeing the execution of duties by Directors in designing and operating the financial reporting process.

### Auditor's Responsibility in the Interim Review of the Quarterly Consolidated Financial Statements

Our responsibility is to express a conclusion from an independent perspective on these quarterly consolidated financial statements based on our interim review as independent auditor.

We make professional judgment and maintain professional skepticism throughout the interim review in accordance with the interim review standards generally accepted in Japan as below.

- Make inquiries, primarily of management and persons responsible for financial and accounting matters, and apply
  analytical procedures and other interim review procedures. Such a review is substantially less in scope than an audit
  conducted in conformity with auditing standards generally accepted in Japan.
- If we determine a material uncertainty exits related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern, we conclude based on the evidence obtained, on whether anything has come to our attention that causes us to believe that the quarterly consolidated financial statements are not prepared in accordance with Article 4, Paragraph 1 of the Standards for Preparation of Quarterly Financial Statements of the Tokyo Stock Exchange, Inc. and accounting standards that are generally accepted in Japan for quarterly financial statements (however, the provisions for reduced disclosure as set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements shall apply). In addition, if we conclude that a material uncertainty exits, we are required to draw attention in our auditor's interim review report to the related disclosures in the quarterly consolidated financial statements, or if such disclosures are inadequate, to express a qualified or adverse conclusion. Our conclusions are based on evidence obtained up to the date of our interim review report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate whether anything has come to attention that causes us to believe that the presentation and notes to the quarterly consolidated financial statements are not prepared in accordance with Article 4, Paragraph 1 of the Standards for Preparation of Quarterly Financial Statements of the Tokyo Stock Exchange, Inc. and accounting standards that are generally accepted in Japan for quarterly financial statements (however, the provisions for reduced disclosure as set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements shall apply).
- Obtain evidence regarding financial information of the Company and its consolidated subsidiaries as a basis for
  expressing a conclusion on the quarterly consolidated financial statements. We are responsible for the direction,
  supervision and review of the quarterly consolidated financial statements. We remain solely responsible for our
  conclusion.

We report to the Audit and Supervisory Committee on the planned scope and timing of the interim review and significant review findings.

We also report to the Audit and Supervisory Committee that we have complied with the ethical requirements regarding independence in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence, and where applicable, measures taken to eliminate inhibiting factors or safeguards applied to reduce them to an acceptable level.

### Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Company and its consolidated subsidiaries

which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.
