**Temporary suspension of ISO9001 certification due to improper case of our
Certain Instrument Transformer Products**

We have received a notification on June 16 that our ISO9001^{※2} certification will be temporarily suspended after receiving a temporary inspection by the Electrical Safety and Environment Laboratory (JET), a registered certification organization of the ISO (International Organization for Standardization), after receiving a evidence of an improper incident (announced on May 16, 2023) on certain instrument transformer products^{*1} manufactured at our Hasuda Plant.

We would like to express our deepest apologies again for causing great inconvenience and concern to our customers and related parties. In addition, we will strive to prevent recurrence and restore the trust of our customers, and make every effort to lift the temporary suspension of operations at an early stage.

- ※1 voltage and current transformers, voltage transformers, and current transformers.
- ※2 ISO 9001: International standard for quality management systems

1. Our Target Business

Power Equipment & System Business, Electric Equipment Business, Metering Business, GX Solution Business, and Applied Optics Inspection System Business.

2. Suspended Certification Standards

ISO 9001:2015

3. Certification Number

JET-0111
